## GENERAL INFORMATION

### 1. Course description used:

NO	CODE	COURSE	ECTS	GRADING	LEVEL	PROGRAMME	YEAR	SEMESTER	TYPE	AVAILABLE PLACES	TH	L	T	C
1	0BI/A00-S1-ACC1	ACCOUNTING	3	exam with grade	Bachelor	Business Informatics (started: 2023/24)	1st	winter	Core Programme	free slots in existing groups	30	15	15	

- NO: number of the course on the offer
- CODE: it has to be provided in the Learning Agreement and will help to identify the course in the enrolment system
- COURSE: the title of the subject
- ECTS: credits assigned to the course upon successful completion. It is not possible to take partial educational elements of the course (e.g. only lectures) and receive partial credits for it
- GRADING: all courses are concluded with a grade, however, in some cases additional exam needs to be taken (in the examination period after the semester)
- LEVEL: study level in Wroclaw. The WUEB does not restrict the participation of Master-level students in Bachelor-level courses and vice versa. This is left to be decided by coordinators from the home institutions.
- PROGRAMME: Study area in which the course is included and the year when a current group of students started their education (the year is needed to identify the valid version of the syllabus for 2023/24). The WUEB allows exchange students to take part in courses of all programmes.
- YEAR: year of studies. The WUEB allows exchange students to take part in courses of all study years.
- SEMESTER: indication of a semester when the course is held. Most of the courses, except for those dedicated to exchange students, are held only in one semester
- TYPE: indicates whether the course is included in the core programme or a specialised module consisting of several courses. The WUEB allows exchange students to take part in single courses included in modules.
- AVAILABLE PLACES: constraints regarding free places in courses. The WUEB does not guarantee a place in a course to all exchange students, even if their initial Learning Agreements are accepted.
- TH / L / T / C – total class hours / lecture hours / tutorial hours / computer lab hours

NO	CODE	COURSE	ECTS	GRADING	LEVEL	PROGRAMME	WINTER	SUMMER	TYPE	AVAILABLE PLACES	TH	L	T	C
272	000/A00-ER-ECO	APPLIED ECONOMETRICS	4	pass with grade	Bachelor	Erasmus Dedicated - Economics (started: 2023/24)	hybrid	hybrid	Elective (opened for minimum 12 students)	30 (one IT lab group)	30	15	0	15

- TYPE: All Erasmus dedicated courses belong to electives. The number in brackets indicates the minimum number of participants required to open the course.
- WINTER / SUMMER: a form of delivering classes dedicated to exchange students. If students want to participate in a **VIRTUAL MOBILITY**, they need to select the courses marked as **online** or **hybrid** only.

## 2. The organisation of the academic year

- The academic year is divided into two semesters (winter/summer), each consisting of 16 class weeks
- Each semester is divided into two sub-semesters (T1/T2). Some courses expand over one sub-semester (T1/T2), some over both (T1+T2)
- Winter semester
  - class schedule: published in the first week of September
  - class start/finish: the beginning of October / the end of January
  - examination session: the beginning of February until mid-February
- Summer semester
  - class schedule: published in the first week of February
  - class start/finish: the last week of February / the third week of June
  - examination session: the last week of June and the first week of July

## 3. Types of courses and classes

- Regular BA/MA programmes in English
  - including the following study fields: Business Informatics (BA), Business Management (BA/MA), Finance (BA/MA), International Business (BA/MA) and Management Accounting (BA new in 2023/24)
  - always in offer
  - attended by regular (not only Polish) students and exchange students
  - may consist of separate class formats: lectures, tutorials, computer labs and be split into groups
  - may be concluded with PASS or EXAMS (in the examination session)
  - schedule (the one for 2023/24 will not reflect that of 2022/23): <https://plan.ue.wroc.pl/>
  - syllabi: <https://ue.e-sylabus.pl/ForStudents>
- Courses in English within the programmes instructed in Polish
  - offered within various study fields
  - always in offer
  - attended by regular Polish students and exchange students
  - consist of lectures only
  - are concluded with a PASS
  - schedules and syllabi are available via the same links as the Regular BA/MA programmes in English
- Dedicated to exchange students
  - attended only by the exchange students
  - in the offer, if minimum 12 students select them. The number places is limited to 30/32 per course.
  - more flexible timetables and class formats
  - not divided into class groups
  - concluded with a PASS (assignment or test before the examination session)

- schedule and syllabi are distributed directly to exchange students

#### 4. Forms of assignments

- During the semester (ordinary grades/points)
  - course instructors may freely decide the grading formats,
  - they include, e.g., control work (problems to solve, tests), individual or group projects, in-class activity etc.
- End of the semester (so-called PASS)
  - should be organised at the end of the semester (before the examination session)
  - have a form of multiple-choice or open tests, a set of problems to solve
  - the course instructor may resign from that format and calculate the final PASS grade based on during-the-semester grades/points
- During the examination session (so-called EXAMS)
  - are organised after the semester
  - will usually have the form of 'big exams' with multiple problems to be solved
  - require to obtain PASS in all class forms (in particular tutorials and labs) before taking the EXAM

#### 5. Grading system

- All courses at WUEB are concluded with grades awarded as in Table 1
- The final positive grade is obtained when all class formats (lecture, tutorials, labs) are concluded with a positive grade
- The final grade is calculated as a weighted average of class grades (using the scale as in Table 2):
  - Lecture (50%) + Tutorials OR Labs (50%)
  - Lecture (50%) + Tutorials (25%) AND Labs (25%)
- All failed grades may be improved in one RESIT take
  - if a student fails to obtain a PASS, the final EXAM counts as RESIT (only one take, instead of two)

Table 1

Score required	Grade WUEB	Grade ECTS
0-49,9%	2,0 (failed)	F
50-59,9%	3,0 (satisfactory)	E
60-69,9%	3,5 (satisfactory +)	D
70-79,9%	4,0 (good)	C
80-89,9%	4,5 (good +)	B
90-100%	5,0 (very good)	A

Table 2

Average	Grade WUEB	Grade ECTS
any 2,0	2,0 (failed)	F
3,00-3,24	3,0 (satisfactory)	E
3,25-3,74	3,5 (satisfactory +)	D
3,75-4,24	4,0 (good)	C
4,25-4,74	4,5 (good +)	B
4,75-5,00	5,0 (very good)	A

## 6. Participation in classes

- The courses selected by exchange students must not overlap. It is essential to consider that selecting courses from various types of offers, programmes, study levels and years may lead to time clashes. Therefore, it is advisable to consider replacement options with the home coordinators.
- Class participation for regular WUEB students is mandatory, and for exchange students highly recommended. In the case of regular WUEB students, the following rules apply:
  - Students have the right to justify their absence, e.g. because of health problems or important family-related matters
  - Taking part in activities outside University (e.g. travelling, working etc.) might not be considered a justified absence
  - If students fail to attend the classes multiple times (3 or more), they may receive a 2,0 (failed) grade without a possibility to resit the course

## 7. The study programme and changes to it

- Exchange students are allowed to build the study programme according to the following rules:
  - The programme may include a minimum of 20 ECTS and a maximum of 35 ECTS in each semester (37 ECTS in case a Polish language course is attended)
  - The programme may consist of subjects from various types of offers, programmes, study levels and years, provided that a coordinator of a home institution accepts them
  - The programme does not include courses which overlap, foreign languages (other than Polish), bachelor/master seminars, sports classes
- There is no guarantee of a place in all courses included in the initial Learning Agreement
- The actual enrolment is organised at least two weeks before the semester starts
  - If an exchange student cannot enrol on a course included in their initial Learning Agreement, they will be offered a possibility to select any other course available in the offer with free places
- Each student is entitled to introduce changes to their Initial Learning Agreement within the first two weeks of the semester
  - The documents accepting changes during mobility will be signed within the first month of the mobility
- It is impossible to introduce changes to the study programme later than within the stated periods, even if the courses start in T2.
  - In exceptional situations, on the request of coordinators of home universities, later changes may be approved by the Academic Coordinator.

## 8. Level of English

- Wroclaw University of Economics and Business expects exchange students to represent a sound level of English (B2), which should be confirmed in an official language certificate or any document provided by Partner Universities.

## 9. Disclaimer

- Wroclaw University of Economics and Business considers the presented educational offer as an information material only and reserves the right to make necessary amendments to it at a later stage.

## Why should you choose a Polish language course while studying at Wroclaw University of Economics and Business?

- The Market Square, beautiful architecture, lots of green areas, an amazing number of stylish restaurants and cafes and lots of cool places – all this in Wroclaw! In your Polish classes, in addition to learning the Polish language, you'll learn interesting facts about Wroclaw and places worth noticing and seeing.
- Polish is the third largest Slavic language in the world. Compared to Russian or Ukrainian, the language is much easier to learn because it uses the same Latin letters as English, unlike the Cyrillic alphabet. The pronunciation of Polish also becomes easier because of this. Knowing Polish can help you learn other Slavic languages such as: Czech, Slovak, Serbian, Ukrainian or Russian.
- The Polish language is used by more than 58 million people, also you can speak Polish outside of Poland. A lot of people have emigrated from Poland. If you speak Polish, you can join a huge group of people in the United States. Polish communities tend to stick together. You can find Polish food stores and listen to Polish radio stations in the United States.
- By learning Polish, you give yourself the opportunity to learn about wonderful literature. You can read the works of Polish Nobel Prize winners like Wisława Szymborska and Olga Tokarczuk.
